1. Communist preparations to invade Wanshan Island (113-, 21-) are being led by TSENG Sheng (曾生), commander of the Kwangtung-Kwangsi Border Column, using for the first assault 2,000 men from the column and 2,000 men of the Communist 4 Field Army. Invasion headquarters is on Santsao Tao (113-, 22-). Column troops stationed at Tumen (113-13, 22-14) will attack with LIN Piao's troops, and the 1,3 and Independent Regiments of the column will be held in reserve.
2. The Communists have 500 fishing junks with invasion crews concentrated at Nanpeng (112-20, 21-37), Santsao and Tumen. Fishing boat patrols are scouting the Wanshan area and checking the intervals of Nationalist naval patrols. When a schedule is established, assault troops will enter and establish a beachhead, followed by the reserves. The Communists are rumored to possess a secret weapon to be tested in the Wanshan invasion for application in the Hainan and Taiwan invasions.
